- **iOS / Android**

EDUCATION

Software Engineering Certificate

General Assembly
Remote | 2021

Bachelor of Arts in Psychology

Stony Brook University
Stony Brook, NY | 2013

PROFILE

I am a software engineer looking to bring positive social change with privacy minded solutions. With my experience in the insurance industry, I gained the ability to deliver complex technical information to non-technical audiences. My greatest strength is my attention to detail.

PROJECTS

TIMES SAY

REACT, REACT BOOTSTRAP, ES6, HTML, CSS | JANUARY 2021

Displays movie reviews from The New York Times Movie Review API, a collection spanning **29,000+ articles**, attached to movie posters from The Movie Database API, in an intuitive paginated format.

TRIVIA NIGHT

ES6, HTML, CSS | DECEMBER 2020

Randomly serves trivia from a collection spanning **11,000+ questions** via the Open Trivia Database API, using session tokens for “fresh” questions within 6 hours. Several game options allow for a customized experience.

EXPERIENCE

INSURANCE BROKER

APOLLO BROKERAGE INC | ASTORIA, NY | FEBRUARY 2016 - MARCH 2020

- Solicited policy contracts for **600+ clients** in **6+ property and casualty insurance markets**.
- **Grew** book of **business** from less than 500,000 to more than **2,500,000 USD** in gross premiums.

SOFTWARE ENGINEER

PORTABLE TECHNOLOGY SOLUTIONS | CALVERTON, NY | JANUARY 2013 - NOVEMBER 2015

- **Redesigned UI** of desktop Windows applications **over 3 months**, improving usability and aiding feature discovery.
- **Maintained** sprawling code base across **1 Android** and **3 Windows applications** using Javascript, HTML, CSS, Java, and C#.
